Vanguard presents the *one-and-only* wallscape in "Westwood Village", the cozy shopping district brimming with movie theaters, boutiques, eateries, and clubs in the heart of Westwood. This elite Westside enclave is bordered by equally-prestigious communities: Bel-Air, Beverly Hills, Century City, and West Los Angeles. Westwood is the center of movie-going and movie premieres on the Westside. This illuminated wallscape is surrounded by movie theaters, with no less than 6 vintage theaters within 1/3 mile. 3 on the same block, alone! We now bring you an unprecedented opportunity to infiltrate trendy Westwood with a spectacular wallscape directly across the street from the UCLA and healthcare campuses. An added bonus: the main campus bus stop is located directly in front of our site.
